

MultiKaiCooker

# Check out the amazing MultiKai Cookers

MultiKaiCooker

The **MultiKai Cooker** is a stainless-steel gas appliance cooker that produces mouth-watering meals quickly & easily.

The **MultiKai Cooker** offers an alternative to the traditional New Zealand Maori ground Hangi with the convenience of gas.

With the upper chambers removed, the **MultiKai Cooker** functions as a BBQ hotplate, shallow fryer, wok or casserole dish. With the cooking chambers and baskets fitted, the **MultiKai Cooker** functions as a smoker, steamer and oven.

The BBQ plate and cooking chambers are approximately 385mm diameter.

Photos to the right show 2 baskets and 1 chamber in use, however 4 baskets and 2 chambers are also available as shown in the product photo below.

The **MultiKai Cooker** will cook the entire meal, all at once, to perfection, with a unique taste and magnificent flavour. Instructions on Doug's easy to cook hangi method included with all cookers.

The **MultiKai Cooker** is certified by the Australian Gas Association, certificate number 6857. Doug Andrews from New Zealand invented the **MultiKai Cookers**, which are covered by Australian Patents 332466 and New Zealand Patent 332466.

The MultiKai Cooker comes complete with:

- 1 or 2 cooking chambers.
- 2 or 4 food baskets.
- BBQ hotplate.
- Dual ring cast burner.
- Gas hose & regulator.
- Gas bottle.
- Lighter.
- Stand with lockable wheels & Guard.
- A waterproof cover.
- Instruction Booklet
- 12 months warranty.
